

好货不便宜 好用不贵

GOOD PRODUCT NEVER CHEAP, USEFUL, NEVER EXPENSIVE

D 系列自动裁剪机  
D Series Automatic Cutting Machine

便宜·好用

ECONOMICAL AND PRACTICAL

品质一坚若磐石 价格一普惠大众

QUALITY - ROCK SOLID PRICE - UNIVERSALLY FAVORABLE PEOPLE

CUTTING, ROME, 裁剪房专业解决方案

CUTTING, ROME, PROFESSIONAL SOLUTION FOR CUTTING ROOM

# D 系列主要参数

## D Series Main Parameters

# D 系列参数

Machine type 机器型号	D 系列	
Feature 特点	Model 型式	D8002
	Cutting width 裁切宽度	2000
	Cutting length 裁切长度	2500
	Maximum Cutting height 最大裁切高度	80mm/110mm
Cutting specification 裁切规格	Method 裁切方式	Straight knife reciprocating clipping
	Knives 刀片	自动磨刀, 刀宽8mm, 厚度2.0 2.5mm Automatic sharpening, Knife width 8mm, Thickness 2.0, 2.5mm
	Speed 速度	最高速度 108m/min 加速度 1G Maximum speed 108m/min acceleration 1G
	Positioning accuracy 定位精度	< 0.1mm
Machine specification 机器规格	Outside dimensions of machine 机器外尺寸	Length, width and height 5500*2900*1500mm
	Conveyor area 输送带规格	Length and width 2200*2130mm
	Vacuum method 吸附方式	分离式变频吸附 Separate frequency conversion adsorption
System specification 系统规格	Operate the computer 操作电脑	电脑, 台式电脑 PC, Desktop computer
	language 语言	中文, 英文 Chinese, English
	Power 电力需求	三相 380V, 22KW Three phase 380V, 22KW
Others 其他	Compressed air 抽气压力	'-20KP
	Standard color 机台颜色	灰色 GRAY
	Weight 重量	3000KG
	Standard configuration 标准配置	双刀盘 风冷 悬浮刀 自动换床 Double knife plate, air cooling device, floating blade, automatic conveyor cutting
	Optional device 选配	打孔装置 机器移动 安全装置 空调系统 Punching device, machine movement, safety device, air conditioning system

GOOD PRODUCT NEVER CHEAP, USEFU, NEVER EXPENSIVE

## 全球领先的连续送料裁剪系统-自动换床系统

The world's leading continuous feeding cutting system - automatic bed changing system

我公司研发的所有智能裁床，相比传统自动裁床，可有效提高30%工作效率，高速裁剪过程中采用连续不间断送料，不停机等待物料过窗，可实现同步裁剪同步送料，高精度无差别裁剪，有效减少工厂用工成本、物料成本，是企业首选的一款高速高精全自动智能裁床。

All the intelligent cutting machines developed by our company, compared with the traditional automatic cutting machines, can automatically change the bed with one key after high-speed cutting is completed. It can effectively reduce the labor cost and material cost of the factory, and effectively improve the work efficiency by 30%. It is a high-speed, high-precision automatic intelligent cutting machine preferred by enterprises.

## 价值·诚信·担当

VALUE, INTEGRITY, RESPONSIBILITY

最专业严谨的技术支持，全方位一体化服务，为您的成功保驾护航

THE MOST PROFESSIONAL AND RIGOROUS TECHNICAL SUPPORT, ALL-ROUND INTEGRATED SERVICES, ESCORT YOUR SUCCESS
